### **How should restaurants, bars, and social clubs screen employees?**

Restaurants, bars, and social clubs should follow [CDC guidelines](#) for screening employees. In addition, the following questions may be asked when an employee reports to work:

- Have you had ANY of the following symptoms of COVID-19 infection in the last 14 days: ○ Fever or chills; Cough, shortness of breath, or difficulty breathing; Fatigue, muscle or body aches, headache, sore throat, congestion or runny nose, nausea or vomiting, or diarrhea; New loss of taste or smell
- Is there anyone in your immediate household with COVID-19 infection or have you had close contact (less than 6 feet for at least 15 minutes) with anyone with COVID-19 infection in the past seven 14 (fourteen) days, without the use of personal protective equipment?
- Have you had a positive test for COVID-19 infection within the past ten (10) days? [If yes, employee may need to provide additional medical documentation to work.]

Temperature checks are not required, but employees should be encouraged to self-monitor for symptoms of COVID-19, including daily temperature checks before going to work.
